

**REMARKS**

In response to the restriction/election of species requirement, Applicant has elected the species that is shown in FIGS. 41-54. These all focus on one particular species of the invention and are contained in claims 8-18 and 22 as presented. Claim 8 is generic and the dependent claims all relate to one inventive aspect.

As can be seen from the Office Action, Species 7 and 8 correspond to the same claims and Species 8 is elected though Applicant feels that Species 7 and 8 are similar.

This restriction/election is made without traverse. If any questions remain, please feel free to contact the undersigned.

Respectfully submitted,

---
